

Did you know you have access to town data, forms, requests and applications, all from the comfort of home?

Toms River is on the SDL Portal!

SDL | PORTAL

The SDL Portal is an online resource, designed to give you convenient access to all the town data and functions you need, wherever you are.

To visit the Portal, click [here!](#)

Submit all your Paperwork Online

With the use of the Portal, there is no longer a need to travel to the municipal building, or make phone calls to department offices. Instead, you can find all of the resources you need online. Not only do you have access to town requests, applications and forms, but an easy to use step-by-step guide will help you through the process of filling out and submitting all paperwork.

In addition to submitting online forms, the Portal also gives you the ability to instantly make payments and renew licenses, or submit a complaint request.

My Payments Online payments for permits, licenses or certificates

Online payments are initiated by a town official. You will receive an email with payment instructions or you can click on a link below to see your payment.

Tracking Number	Description	Status	Last Updated	Amount
OP-18-0036	Construction Permit Y-18-0086	Deleted	04/05/2019 05:26 PM	\$38
OP-18-0038	Construction Permit Y-18-0088	Deleted	04/05/2019 05:26 PM	\$54
OP-18-0037	Construction Permit Y-18-0087	Payment Accepted	03/30/2018 03:05 PM	\$38

Locate town-wide or specific property information

The Portal utilizes a robust Geographic Information System (GIS), to supply you with the most accurate and up-to-date mapping tools. Users have the ability to quickly and easily locate basic property information for specific locations, or generate town-wide data using map layers and overlays.

Some overlays available through the Portal include Property Class, Property Net Assessed Value, Property Last Sale Price and Vacant Properties. Current and past road closings and submitted issues can also be generated on other map views.

Property Information at your fingertips

With the Portal, you can find information based on the specific property you are looking for. Property information can include everything from tax lot information to data regarding current permits, complaints, violations, licenses and certificates.

The Portal syncs in real-time, which ensures you are getting the most up-to-date information available.

You can also access all the functionality of the Portal right from your phone, with the SDL Citizen app.

The SDL Citizen app has all the same functionality as the SDL Portal, but is configured to be easy to use from a phone or tablet. SDL Citizen is available for both iOS and Android devices and can be found in the Apple and Google Play stores.
