

2016 Toms River GREEN T.R.U.S.T Award Application

Name of Business: _____

(Must be located in Toms River)

Name of Green Initiative: _____

Description of Actions (what did you do? Ex. Installed 10 photovoltaic solar panels, wired panels to battery to collect energy or grid, installed rain barrels to all gutters, designated 2 parking stalls for electric cars and installed 2 charging stations, etc.)

How has your Green Initiative improved Toms River Township's Environment?
(ex. Reduced grid power usage, storm water management, non-point source pollution reduction, reduced carbon emissions, provided opportunity for residents to utilize green energy sources, etc.)

Show us what measures you used to calculate improvements?
(ex. 20 gallon rain barrels, 8 gutters = holding 160 gallons of storm water onsite, average cost of electric services in 2014 - \$450 per month, average in 2015 - \$300 per month, provided 2 electric car charging stations for public to use, etc.)

Staff Use Only:

Types of Green Initiative:

Storm water reduction	<input type="checkbox"/>
Renewable Energy	<input type="checkbox"/>
Carbon Emissions Reduction	<input type="checkbox"/>
Reusing Materials	<input type="checkbox"/>
Green Building Materials	<input type="checkbox"/>

Biofuels	<input type="checkbox"/>
Charging Stations	<input type="checkbox"/>
Recycling (non mandatory)	<input type="checkbox"/>
Use of Renewable Products	<input type="checkbox"/>
Energy Efficiency	<input type="checkbox"/>
