

# Home Elevation - Building Permit & Construction Inspection Process

Department of Engineering and Community Development

Toms River Township

Note: This chart represents the typical process for permits & inspections for the construction of a new home. Applicants should make sure that they obtain and review all application forms and handouts for the specific type of work that they are performing. More specific information can be found at [www.tomsrivertownship.com](http://www.tomsrivertownship.com), under Downloads, as well as paper copies that are available in the Construction Office and Engineering & Zoning Office.
